

## ***INDIAN INSTITUTES OF TECHNOLOGY ALUMNI VICTORIA, AUSTRALIA***

***Indian Institutes of Technology (IITs) are the premier institutes of Engineering and Technology Education in India.***

- IIT alumni have achieved international recognition, success and leadership in business, entrepreneurship, innovative science, engineering excellence and community service.
- The first generation of IITs was created as institutes of National Importance in the 1950s and 1960s. Their strong impact has led to the formation of new IITs. This expansion to sixteen IITs will further enhance the impact of IITs and IITians.
- IIT Alumni Victoria was established as an Incorporated Association in 2010.

### ***Our aims***

- Promote professional networking with business, academia and government
- Strengthen business, academic and government relationships between Australia and India
- Establish and enhance the IIT brand in Australia
- Promote and assist the professional development and welfare of our members
- Facilitate social interactions between members

## ***Our work.....***

IIT Alumni are committed to enriching Australia's well-being and future through the expertise of our members. Our activities range from facilitating excellence in technology and entrepreneurship which benefit the community and Australia to mentoring new and recently arrived migrants and students.

### ***Our achievements***

- Our members contribute in important and leadership roles in industry, academia and government in engineering and technology, research and development, commerce and community service.
- Facilitated and encouraged entrepreneurship through workshops, networking events and mentoring.
- Held lectures and presentations by distinguished scientists and opinion leaders.
- Sponsored events such as the participation of IIT-Roorkee in the 2011 Formula SAE car competition.

## ***Our invitation.....***

IITaV invites companies, organisations, governments and individuals to sponsor our work and events of mutual interest and benefit.

- Nurture excellence in engineering and technology for the benefit of Australia.
- Recognise excellence in engineering, innovation, leadership and technology transfer between India and Australia, through annual awards.
- Recognise achievements of engineering and science students, under-graduate and post-graduate, through annual awards.
- Sponsor projects of community benefit
- Assist migrants from India to become effective contributors to and leaders of Australian society.
